

THE CHRONICLE.

FRIDAY, APRIL 10, 1857.

Office, over Wm. H. Bryar's Store.

All communications must be addressed to the Editor. Business letters to the publisher.

Advertisements must be handed in the day before publication, or they will be lost.

We are authorized to announce Gen. JAS. M. QUARLES of Montgomery as a Candidate for Congress—in this district. Subject to the ratification of a District Convention. Patriot, Banner and other papers please copy until the convention.

We give up much of our space today, to the proceedings of the meetings in Robertson, Dixon and Stewart counties, all of which have appointed a full delegation to the Convention here, next Tuesday.

The growing feeling, in the South in favor of an equal distribution of the public lands among all the States, is calling out expressions of opinion from some of the democratic organs, upon this vital question. The Union & American, true to its instinct as a humbugger, takes ground against it, on the ground that it is unconstitutional. Now let us look, for a moment, at the gross inconsistency of the position.

For twenty years, democracy has been denouncing distribution and internal improvements by the General Government, as grossly unconstitutional; and what has been the practice? Millions upon millions of acres of the public lands have been distributed among the new States—yes, distributed—that is the term—by the democratic party; and for what purpose? For internal improvements by the General Government. One unconstitutional measure to carry out another, and in the face of the declaration that both are unconstitutional. This is democratic doctrine and democratic practice; and to make the matter still worse, southern democrats vote to lavish Government bounty upon that section which is waging war upon the institutions of the South. Colleges and canals and railroads are built by the General Government, through the agency of democratic votes; these improvements multiply the wealth and population of the favored States, and they testify their gratitude for southern democratic folly, by denouncing the South and stealing its property.

If democracy had no other sin to answer for, this should damn it in the estimation of every honest patriot and true-hearted American. Distribution is unconstitutional, and so is internal improvement by the General Government; yet not a year passes, that they who thus pronounce upon these measures, do not violate the Constitution, openly and shamelessly, and return to their constituents and reiterate the doctrine whilst they defend the practice. And why this inconsistency? Because they know that southern democrats are either too great fools to detect it, or too great knaves to resist it; and it is absolutely necessary that the public lands shall be retained as a bribery fund to buy up the new States, even while in embryo. What matters it if the South remain poor, so that democracy fattens upon public plunder? Who cares if the institution of slavery now tatters under the blows dealt by northern hands, so democracy maintains its ascendancy? Who cares if the abolition ranks are recruited by aliens, so those aliens are democrats? Who cares if the whole country goes, headlong, to the devil, so it is sent there by democracy? Not they!—A violated Constitution, outraged justice, a polluted ballot box and a degraded populace—all attest that democracy has but one aim—its aggrandizement, and but one means—all that can deceive and corrupt.

Look at the millions of acres lavished upon the North-west, for internal improvements, and then listen to the cry, that distribution and internal improvements are both unconstitutional; look at the election frauds and the rights of natives trampled under foot by aliens, and then listen to the boast, that democracy, alone, is pure patriotic and national, and say whether we have judged it harshly, or used language undeservedly severe.

Mr. McMillan, of Virginia, has declined the appointment as Governor of Utah. He fought hard for the spoils, we do not blame him for declining the portion allotted him. Capt. Rynders who is as great a scoundrel as Brigham Young dares to be, should have received that appointment, instead of being made Marshall of the city of New York. It is true, New York is not the favored abode of purity, but there is, in it, a mixture of good with the evil, and Rynders would be more at home in the midst of unmitigated villainy; and Utah is the only place, this side of hell, in which he is fit to rule.

Capt. John D. Tyler, having been spoken of as a candidate for nomination for the Senate, requests us to say, in emphatic terms, that he can not consent to let his name go before the convention. No man, in the District, better deserves the confidence and esteem of his fellow-citizens; and as much as his friends may regret his decision, they know that his reasons are sufficient. His talents and integrity eminently fit him, in these days of partisan corruption, to represent the interests of any constituency, and well would it be for the country, now groaning under the misrule of demagogues, could it have the services of such men as John D. Tyler; but the very circumstances which call honest men into its councils, unhappily disqualify such, in many instances, to mingle in the strife of politics.

We are pleased to see that not a few democrats, in Virginia, are candidates for the Legislature on the avowed issue of a fair distribution of the public lands; and where no democrat runs on that question, he finds, most usually, an American, or a Whig in opposition, as the friend of that measure. In the Congressional Districts, too, this question is raised, and the hackneyed humbuggers of the democratic party, of the Old Dominion, are trembling with apprehension, lest the scepter shall be wrested from their foul grasp. "Gizzard foot-o'-shin" Wise, it appears, is about to array himself against that measure, though he once warmly advocated it. But that was before he was born again, and with eyes that saw the leaves and fishes at the disposal of democracy. The friends of distribution are, however, in fine spirits and speak confidently of success.

How would it do for the friends of our Railroad to get up a petition to Congress, for a donation of lands to aid in its construction? We have as much right to such a gift as Iowa or any other State, and the county and corporation might be relieved of a heavy burden by such an act of simple justice. Alabama got a large appropriation, for a similar purpose, by offering it as an amendment to another bill, and why may not we obtain the same favor? Alabama is opposed to distribution, on constitutional grounds, yet some of its representatives had sense enough to laugh at the foolish abstraction, and to demand a share of the common property, so corruptly applied to foster the growth of democratic abolitionism, and to cripple the growth and prosperity of the South.

The papers are still speculating about the cause of the disease peculiar to the National Hotel, Washington; but we see no necessity for inventing theories to fit the case, when the cause is so palpable. The hotel was crowded with locofoco office-seekers, and breathing each other's breath was about equal to inhaling the fire damp—the more decent being the greatest sufferers. The man who could stand that atmosphere couldn't be anything but a locofoco.

The February number of the North British Review—American edition by L. Scott & Co., N. Y.—has been received. The following is its table of contents: The Employment of Women; Modern Style; Dr. Samuel Brown; Dr. Kane's Arctic Expedition; Mrs. Browning's Poems; Richard Hooker; Art-Unions; The Trade in Opium; United States Politics, Foreign and Domestic. The price of this Review, singly, is three dollars; two dollars and a half with either of the other Quarterlies, or Blackwood, and two dollars, with the other three and Blackwood.

The election in Louisville, on last Saturday, resulted in the choice of every American candidate, and by a vote of about five to one over the opposition. The sagacities did not make their usual resistance, and no doubt, will point to their signal defeat as evidence that they were afraid to go to the polls, lest the Know Nothings might thrash them.

Peterson's Magazine, for May, is as beautiful as the month, for which it is issued, ought to be. "Genevieve of Brabant" is a highly finished engraving, and the fashion plates seem to be almost living models of fashion. The literary contents are varied, and highly interesting. Remember, this is a two dollar Magazine.

Last Sunday set in with rain, and wound up with hail and snow, and on Monday morning, we had a liberal supply of ice. What with northern abolitionism and northern climate—both encroaching upon us, we don't know what is to become of the South. The democrats say that this distribution of cold—like that of the public lands—is unconstitutional, and it is probable they will embody in their next platform, a clause to that effect, and claim it as an evidence of their exclusive devotion to the South. They have warred against all that is good on earth, and here is a fair pretext for charging Heaven with sectionalism and encroachment upon southern rights.

AMERICAN MEETING IN ROBERTSON.

At a meeting of a large number of the American Party at Springfield, April 6th, 1857, held for the purpose of appointing Delegates to attend a Convention at Clarksville, April 14, to nominate a candidate for Congress for this district, and also candidates for State Senator and Floater. On motion of Col. R. H. Alley, Jas. E. Garner was called to the Chair and H. H. Kirk appointed Secretary.

On motion of Col. E. S. Chestnut the Chairman was requested to appoint a committee of five to report a suitable list of delegates to said convention—whereupon the following gentlemen were appointed said committee, to wit: Col. R. H. Alley, John L. Yates, W. E. Lowe, Clinton Green, and Col. W. Woodard.

After retiring said committee reported the following Resolutions, which were unanimously adopted:

Resolved, That the American party of Robertson County, recognize in the three gentlemen, whose names have been mentioned in connection with the nomination for Congress from this Congressional District, good men and true, and in every way worthy of the position to which they aspire, and that we hereby pledge ourselves to support with a united voice, the nominee of the convention, which meets at Clarksville, on the 14th of this month.

Resolved, That the following gentlemen be appointed delegates to attend said convention, to wit:

J. M. Wright, Samuel Gilbert, Samuel Bryan, John L. Yates, John Brewer N. J. Williams, Carroll Huey, John J. Pope, Lenard Doser, Clinton Green, J. G. C. Mason, J. B. Taylor, E. R. Rose, Thos. B. Gunn, Frank Price, W. S. Adams, B. B. Batts, Ben. Boon, C. E. Peacher, A. M. Greer, R. H. Alley, Miles Draughton, Miles Taylor, M. Mastin, L. Pepper, S. Benton W. E. Lowe, E. P. Mulloy, T. Green, A. Pike, G. Benton, W. Woodard, B. G. Hilliard, J. Pitt, J. S. Mulloy, T. Cowling, Jas. Valine, K. Dorris, J. W. Davis, John Crawford, Ira Murphy, R. Glover, G. A. Farmer, B. W. Bradley, E. G. Murphy, C. A. Hudgens, E. G. Hudgens, J. D. Dismukes, W. Watts, Wm. Street, B. Batts, Thos. Anderson, Cyrus Sugg, E. A. Fort, Jas. Gullett.

Resolved, That the delegates above named, be authorized to go into Convention at the same time and place, with the counties of Montgomery and Davidson, for the nomination of a Floater, also with the counties of Stewart and Montgomery for the nomination of a Senator, also that they attend Convention of the American party at Nashville on the first of May, for the purpose of nominating a candidate for Governor.

On motion of R. H. Murphy it was resolved that the Chairman and Secretary of this meeting be added to the list of delegates.

Also, Resolved, that the editors of the Clarksville Chronicle, Nashville Patriot, and Banner, be requested to publish the above proceedings.

Resolved, That this meeting now adjourn to meet in Springfield on the first Monday in May, to nominate a candidate for county Representative.

J. E. GARNER, Ch'm.
H. H. KIRK, Sec'y.

COL. M. D. DAVIE.

Mr. Editor: On Tuesday the 14th inst. the American party of Montgomery will be called to assemble to a candidate to represent us in the next General Assembly. It behooves the American party in the present unquiet condition of politics in this State, to bring forward a gallant champion of our rights, whose fearless bearing, his popularity and general executive capacity, will secure for the party a bold defense of its honored principles; to win success and make success permanent. In Col. M. D. Davie we will find that bold and fearless advocate, who in the last Legislature demanded himself with that powerful bearing which "Old Montgomery" ever delights to honor. And now that he offers himself for your suffrages, our delegates ought with a becoming commendation to the cause and to the man, proclaim him our next candidate, and Democracy from one end of the county to the other would tremble "even unto death." With Col. Davie at the head of our column, the terrible phalanx of Montgomery will march forth to battle, and leave not the field until it has gallantly repulsed the majority of '55 from the blighting stain of this heterogeneous, con-generated Democracy. We believe that the public sentiment of the county is, that Col. Davie should be the nominee.

AMERICAN MEETING AT DICKSON.

At a meeting of the Americans of Dickson county, held at Charlotte on the 6th of April, 1857, for the purpose of appointing delegates to attend the State Convention to be held at Nashville on the 1st May next, and the District Convention to be held at Clarksville, on the 14th inst. On motion J. C. Collier, Esq., was called to the Chair, and J. Leech appointed Secretary. The Chairman having explained the object of the meeting, after a few very forcible and pertinent remarks, in regard to the present position of the American party, appointed a committee of three, consisting of Messrs. B. C. Robertson, J. M. Larkins and H. C. Collier, to draft appropriate resolutions, &c., who, after retiring a short time, returned and offered the following preamble and resolutions, which were adopted, viz:

Whereas, It has been determined by the State Central Committee of the American party, that a convention shall be held at the city of Nashville, on Friday the 1st of May next, for the purpose of nominating a candidate for Governor; and whereas, a convention will be held at Clarksville, on Tuesday the 14th inst., for the purpose of selecting a candidate for Congress. Therefore

Resolved, That the Chairman of this meeting appoint two or more delegates from each civil district, in the county, to attend the State Convention, at the time and place appointed, and that they be instructed to cast the vote of this county, first for Gen. Wm. T. Haskell, of Memphis, for Governor, and if he fails to receive the nomination, then they be directed to vote for some other good American.

Resolved, That we warmly admire, and fully endorse the course of the Hon. F. K. Zollcofer, our able and efficient Representative in Congress, but had committed ourselves before learning that he would be again a candidate.

Resolved, That the services of Gen. Jas. M. Quarles, of Montgomery county, during the last canvass, as the Fillmore Elector, were able, gallant and meritorious, and met the cordial approbation of his party.

Resolved, That the Delegates appointed to the State Convention, be instructed to attend at the time and place designated for holding the district convention, and cast the vote of this county for James M. Quarles for Congress, and if he fails to receive the nomination, then they be instructed to vote for some other good and true American.

Resolved, That the Secretary of this meeting furnish the Nashville Patriot and Clarksville Chronicle with a copy of this preamble and resolutions for publication.

The Chairman then appointed the following gentlemen as delegates to said conventions, viz: Jesse Beck, jr., M. D. Edwards, A. C. Higgins, Wm. H. Crutcher, P. M. Bell, John Work, J. D. Everett, P. M. Binkley, J. B. Cording, H. C. Collier, Dr. J. M. Larkins, Allen Nesbitt, R. H. Sigmore, B. C. Robertson, T. S. Collier, M. Bell, jr., W. Jordan, B. A. Collier, John Grimes, D. L. Mattoek, J. C. Davis, Randall Mills, Dr. Wm. Mills, Wm. B. Bell, F. N. Mills, John B. Walker, Abner Skelton, Geo. T. Cooksey, Dr. W. E. Ellis, A. A. Brown, and Wm. Daniel.

On motion the meeting then adjourned sine die.

AMERICAN MEETING AT DOVER.

Mr. Wm. C. Jones being called to the Chair and Jas. Lee appointed Secretary, the following resolution was offered:

Resolved, That a committee of five be appointed to draft resolutions and appoint delegates to attend the Convention at Clarksville on the 14th inst., whereupon the following gentlemen were appointed as a committee, viz: Bruce Phillips, J. W. Stout, Edward Lewis, C. C. Taylor, and Clay Roberts, who, after retirement, offered the following resolutions, and appointed the following delegates, viz:

Whereas, A Convention of the American party has been called at Nashville on the 1st May next, for the purpose of selecting a suitable person as the candidate of the American party, in the approaching gubernatorial canvass; and whereas a convention has also been called to convene at Clarksville on the 14th inst., for the purpose of selecting a candidate of the American party for Congress, in this Congressional District; and, whereas, we as Americans, believe the good of the party should be paramount to personal preferences, and hence believe any expression of preference should at this meeting be avoided; therefore

Resolved, That the following persons be appointed to attend said conventions, viz:

Charles Somers, A. Holliday, John H. Ragdale, N. Barksdale, W. T. Weston, Thos. Bayless, A. C. Richards, C. R. Linton, John McMillan, Samuel Allen, Ben. Sooter, N. G. Morris, E. S. Winn, M. G. Scarborough, C. Dudley, Davie Jones, D. C. Miles, Thos. Buckingham, George Gattin, Andrew Conley, James Daniel, Dr. George C. Dortch, John T. Mockabee, W. H. Daniel, R. Dudley.

2d. Resolved, That the above appointed delegates be, and they are hereby requested also, to attend a convention of the party, for the purpose of nominating a candidate for Senator, upon the American ticket, in the District composed of the counties of Robertson, Montgomery and Stewart; and that they be instructed to vote and use their influence for the nomination of James E. Rice, of Stewart, for said office.

Wm. C. JONES, Ch'm.
JAS. LEE, Jr. Sec'y.

We are under obligations to the Hon. John Bell for three volumes of the Congressional Globe, and two volumes of Executive documents.

The Clarksville Chronicle, of Friday last, contains cards from M. D. DAVIE and C. G. SMITH in response to calls upon them to become candidates to represent Montgomery county in the popular branch of the Legislature. Mr. Davie is the present representative. Mr. Smith is a young gentleman of fine promise. Both of them leave the matter to the decision of the county convention which meets at Clarksville on the 14th inst., preferring to sacrifice their own aspirations and the partialities of their friends than to jeopard the success of the American party. We are gratified to witness such examples of patriotism; and commend them to the imitation of our party friends in every section of the State. This is no time for any one to seek promotion, but it is a time for every one wishing office for himself, or for a friend, to await the action of the people in Convention and to acquiesce in it.

Unless we can have harmony in every district and county, we can scarcely hope for success. If we go into the canvass with the discouragement produced by distraction and division, can the result be other than disastrous? May we not expect an utter and irretrievable overthrow?—Nash. Pat.

HURLEY'S SARSAPARILLA
Is unquestionably not only a luxury to take, but decidedly the most powerful curative agent ever offered to the suffering. It acts promptly and efficiently in all cases, removing disease from the system, and restoring the invalid to perfect health. Amongst the class of afflictions for which it is so meritiously popular, we would mention Scrophulous, Dyspepsia, Chronic Rheumatism, Bronchitis, and all cutaneous eruptions. This is the time to use it with advantage.—Y. A. Tribune

Good News for the Afflicted with PILES—We call the attention of strangers and citizens to the advertisement of Dr. CAVANAGH, who invents a most painful disease, and one that is a lifetime being regarded as almost if not entirely incurable. The remedy is a safe, not painful application, and so cheap as to place it within the reach of the poorest. With such an array of evidence as to the success which has attended Dr. Cavanagh's treatment of the disease, aimed at us has been brought to our knowledge, we should be singularly directed as a public journal, and we feel not to be the subject promptly before the public, and urge upon the afflicted to give it a trial.—Chicago Democratic Press.
